Yes, all the awards are completed in ARTT. There is some history behind these. The BCs wanted to give some time off awards to their staff who have taken on additional responsibilities since other departed the Agency. Reeder/Rusty requested Amar send them to them to review. Not sure why they needed to review. They added myself and the BCs to the list of awardees but did not provide any kind of additional write up for their additions. I also requested that Bailey get an a TO award if myself and the BCs were getting one. I am awaiting a response from Reeder and the write ups and Bailey.

Aren't all the TO awards done in the BAP?

Hi Reeder,

In follow up, for the time off awards for the BCs, should there be a write up or are we adding additional hours to what was already given? Also, I had recommended a time off award be given to Bailey as well. Is there approval to move forward with this?

Please let me know.

Good morning,

In follow up to my email last week, for the time off awards for the BCs, should there be a write up or are we adding additional hours to what was already given? Please let me know.

Thanks!

Maya,

Attached is a spreadsheet that takes into account your recommendations with a few additions. Also, for your award we will initiate that in the IO. Thanks for all of your help and patience.

Best Regards,
Reeder
